

Change name of the app:

Go to res>values>strings then change the name of the app

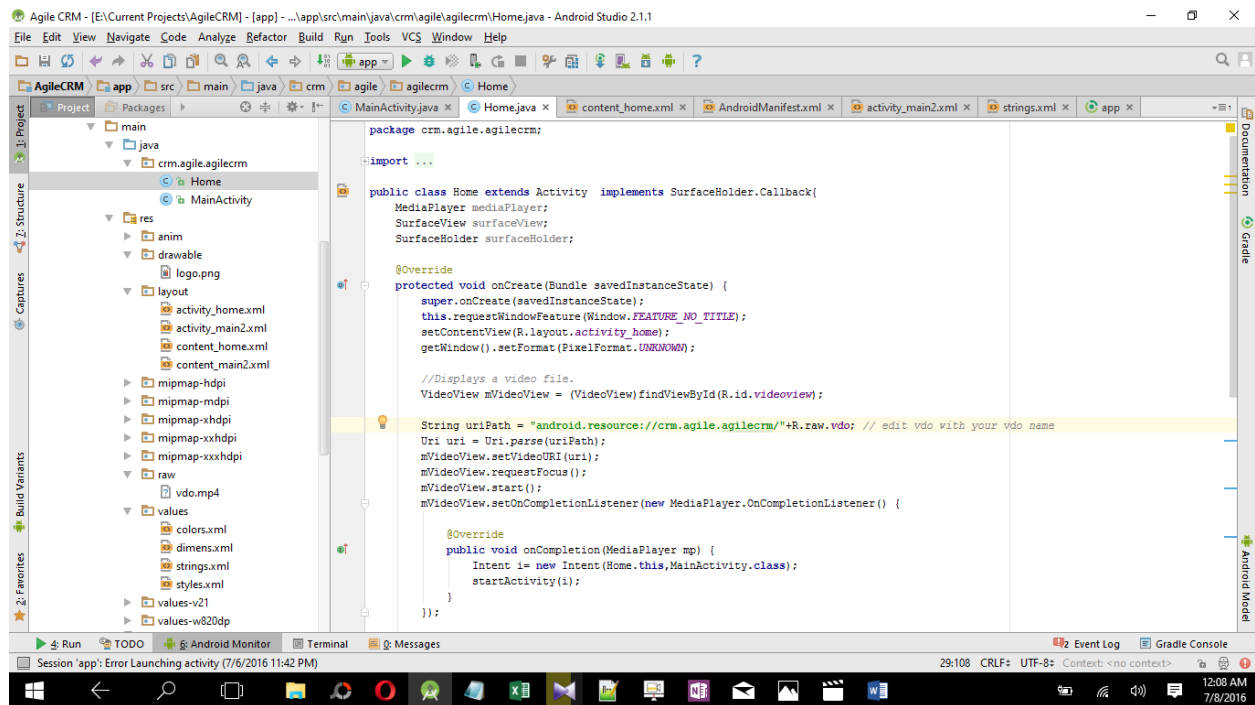

Change splash vdo:

Go to res>raw and paste the video here

Then go to Home.java and rename the vdo with your video name.

Change Url link:

Go to MainActivity.class and

```
webView.loadUrl("http://www.jammukashmir.tv");
```

change the url from this code

that's it hope it will help u
